

NQ Rural Supplies Introduces....

**EASY AND EFFECTIVE
VEGETABLE GARDENING!**

Container Gardening!

An easy to manage, contained raised gardening bed is perfect for the home. Control your growth and veggie quality in a separate environment away from the ground and away from the pests.

Self Watering!

Veggie health is ensured with the self watering technology by using a wicking system and watering the plants from below. Plants can last for weeks without watering in **Vegepods!**

Protective Cover!

A greenhouse in your backyard by using a polyethylene knitted mesh to protect crops from UV and pests. The cover also helps manage temperature by allowing water and air to penetrate.

The Vegepod Range

Small with Cover

Medium with Cover

Large with Cover

Team them up with the easy to assemble, high quality stands and trolleys to suit each size!

Large Stand

Why is it so effective?

Vegepod Raised Garden Bed Kits give you the best of both worlds and so much more. You get the size of a raised garden bed with all the benefits of container gardening. Not only that, you get the benefit of a Raised Garden Bed **Cover** that extends your growing seasons and accelerates plant growth. This garden bed cover will control your veggie quality like never before and protect your prize produce from pests and insects.

Your new **Vegepod** will be easy to set up and fill with the most amazingly healthy, home grown food.

It's Just so Easy!!

Veggie health is ensured with the self-watering technology by using a wicking system and watering the plants from below. Once established (which only takes a very short time), plants can last weeks without watering in **Vegepods.**

Come in and see our set-up and working **Vegepod display. Our friendly staff will walk you through the process of getting set up and growing!!**

Contact us on 40561977 or drop in to 7-11 Kern Street, Gordonvale. We look forward to showing you this exciting new product!!
